## **WORD** of the week

### PROGENITOR, n

pro·gen·i·tor

A person or thing from which a person, animal, or plant is descended or originates; an ancestor or parent

## **QUOTE** of the week

*"The evils consequent on the disobedience of our first parents were not confined to them personally, but have fallen on their descendants also. Adam had been created in the image of God; but when that image had been lost by transgression, he begat a son in his own likeness. So all his descendants since have borne the image of the earthly, fallen progenitor, and have been like him, not only in character, but in condition."*

— J.L. Dagg; *Manual of Theology*, Vol. 1
